

United States of America
Department of Transportation — Federal Aviation Administration
Supplemental Type Certificate

Number SA2776NM

This certificate, issued to OAE Concepts, Inc.
P. O. Box 11196
Boulder, Colorado 80301

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 3 of the Civil Air Regulations.

Original Product — Type Certificate Number: 3A19
Make: Cessna
Model: 150, 150A, 150B, 150C

Description of Type Design Change:

Installation of exhaust gas analyzer system in accordance with OAE Concepts drawing list EGA 2AC150, dated May 19, 1986, FAA approved March 4, 1987, or later FAA approved revisions.

Limitations and Conditions:

1. FAA approved Supplemental Flight Manual, dated March 4, 1987, or later FAA approved revision is required.
2. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any other previously approved modification will introduce no adverse effect upon the airworthiness of the airplane.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: August 30, 1986

Date reissued:

Date of issuance: March 4, 1987

Date amended:

By direction of the Administrator
